**Piovan**

The Piovan Group is the global leading operator in the development and production of auxiliary equipment systems for production processes for the storage, transport and processing of polymers and plastic powders. Beginning in 2015, the Group has also been increasingly active in the development and production of auxiliary automation systems for the storage, transport and processing of food powders, exploiting its leadership position, by replicating the business model previously adopted and seizing the opportunities for cross selling.

As at December 31, 2017, the Piovan Group recorded total revenues and other income of €13.3 million and adjusted EBITDA of €33.0 million. During the six-month period ended June 30, 2018, the Piovan Group recorded total revenues and other income of €127.4 million and adjusted EBITDA of €18.3 million.
